ABOUT LONG TABLE COMMUNITY DINNER

Bridging the distance between community connection and culinary craftsmanship since 2022, the Long Table Community Dinner brings food and friends together in an extraordinary venue, the Maryville Greenway-Library Bridge. The event, planned for October 15th, 2026, shines a spotlight on acclaimed area chefs, fresh, local ingredients, craft cocktails and the natural beauty of the setting sun in the autumn sky.

MISSION

Our mission is simple yet fundamental: To foster community connection in support of local business, workforce development and the young leaders who will shape our future. A portion of proceeds from the Long Table Community Dinner will benefit the Blount County Young Professionals and workforce efforts in the community.
